

# IMMUNIZATION AND BIRTH CERTIFICATE REQUIREMENTS

Parent/Guardian must bring **Birth Certificate** and **Immunization Record** prior to the first day of school or student will *NOT BE ALLOWED* to attend the start of school.

If the immunization record is available, but *NOT* up to date, you must show PROOF of appointment before being allowed to stay beyond 20 days.

Please check with your physician or health department to see if your child is up to date on their immunizations. If not, you will have the summer to schedule appointments. Once school starts it often takes months to schedule appointments with physicians and clinics due to the large number of student requiring immunizations.

We appreciate your help with this matter.
