

## MEMO

To: Parents and Staff Members  
From: Clemen Perez-Lloyd – WCCS Superintendent  
Date: June 29, 2020  
Reference: Update

Tomorrow is the last day for the West Clark Community School Corporation existence. The past 3 years have been challenging navigating through uncharted territory. Nevertheless, the two new Districts will have an open canvas to determine their future and the success of all students. I wanted to thank all of you for the opportunity given to serve you as your Superintendent.

Both Corporations will hold meetings the first week in July (2020) and parents, as well as teachers, will be provided with information regarding:

- School reopening, processes and procedures.
- Transportation
- Instructional Programming options
- Central Offices, etc.

A question that has been raised several times involves School attendance and transfers. Note that both Corporations will accept out of District Transfers.

- If your area of residence has changed due to the split, you must submit an application if you wish to transfer.
- Transfer forms are accessible online at:
  - o [www.westclarkschools.com](http://www.westclarkschools.com)
  - o >Resources >Documents & Links >Administration Documents >West Clark Transfer Form
  - o Complete and email to your school's respective Principal.
